Other Discussion Items

1. All parties felt that it should be enforced not to allow the planting of shrubs and trees on any cemetery lots. This is included on any new deeds written.
2. Trustees will check the price for temporary corner markers. They need approximately 12 at this time.
3. All new lots being sold should have the price of four (4) corner stone markers included in the price of the lot and in the sale. They will be placed by cemetery workers. The pricing of this needs to be checked and calculated to be included with lot sales.
4. Trustees decided that all cemetery maps should be placed at the Town Office building and a copy of each one made for backup purposes.

With no further business, the meeting was adjourned at 10:30 am.
